

Fabric Requirements

Main fabric: Mid-weight woven fabric with no stretch such as linen or linen twill, cotton canvas, twill, denim, pinwale or standard corduroy or boiled wool.

4-9oz/square yard | 136-305 GSM

Lining: Light to mid-weight woven fabric with no stretch; such as linen, Tencel, silk noil, double gauze, or cotton (single weave poplin or lawn).

3-5oz/square yard | 102-170 GSM

When selecting the fabric for your Lynn Vest, think about the drape and structure of the material. A more sturdy fabric, such as mid-weight denim or canvas, will create a more utilitarian piece, while lighter linen or cotton will be more fluid and soft. Also, consider each layer's weight to reduce the chance of bulky seams and ease the construction process. For example, if you choose a main fabric on the heavier side, consider using a lighter lining fabric (the hand-stitched topstitching details may be more difficult with heavy weight fabric). A main and lining fabric within the mid-range of weight will also work well together.

Due to the modular design of the pattern layout, a color-blocked or patchwork Lynn Vest can also be made using remnant or other fabrics from your stash.

Size	Main Fabric	Lining Fabric
A-D	44"(112cm) 1 yds (1 m)	44"(112cm) ¾ yds (¾ m)
E-F	52"(132cm) 1 yds (1 m)	52"(132cm) 1 yds (¾ m)
G*	54"(137cm) 1 yds (1 m)	54"(137cm) 1 yds (1 m)
H	57"(145cm) 1.25 yds (1 m)	57"(145cm) 1 yds (1 m)
I	60"(152cm) 1.25 yds (1 m)	60"(152cm) 1 yds (1 m)
J	57"(145cm) 1.25 yds (1.25 m)	57"(145cm) 1.25 yds (1 m)

For exact fabric requirements see Pattern Layout Booklet.

The fabric requirement has been rounded up to the nearest ¼ yard or meter to accommodate straightening the raw edges and potential shrinkage. The fabric width has been rounded up to standard bolt widths. If you adjust the length of the garment, the fabric requirement may change. *Size G requires exactly 1 yard of main fabric. If possible, you may want to purchase an additional 1/8 yard.

A rectangle of leftover fabric will remain after cutting that can be used for future projects.

Note: If you are using a fabric with directional print or nap, be aware that some pattern pieces will be rotated to the cross-grain direction during the construction process (UNDERARM GUSSETS and POCKET C).
